

DoD Order of Precedence -- Relationships Between Principals and Subordinates

* Code 2 order primarily derived from title 10 United States Code (U.S.C.) and Presidential Executive Order (E.O.).

** While a subordinate's precedence should mimic the precedence relationships of those to whom they report (as indicated by some italicized text), some ordering exceptions emanate from historical listing (e.g., the precedence relationship between the Secretaries of the Military Departments and their Assistant Secretaries and General Counsels).

Shaded blocks indicate existing order.
