

SvcV-5 Service Providers/Services to Operational Activity/Service Functions Traceability Matrix

Service Provider	Service Provider Description	Service	Service Description	Service Function	Service Function Description	Operational Activity
Cost Service Provider	A collection of services related with cost.	Unit Cost Lookup	This service provides access to Nunn-McCurdy Unit Cost information.	Get Unit Costs by Program URI	Gets all Unit Costs for a given Program URI.	Initiate Asset Valuation
Cost Service Provider	A collection of services related with cost.	Budget Lookup	This service provides access to the last President's Budget, Current Estimate, and POM/BES submissions.	Get Budget by URI & Estimate Type	Gets all Budget information for a given program URI and Estimate Type such as Current Estimate, POM, BES and President's Budget.	Collect Program and Budget Information
Cost Service Provider	A collection of services related with cost.	Budget Lookup	This service provides access to the last President's Budget, Current Estimate, and POM/BES submissions.	Get Budget by URI & Estimate Type	Gets all Budget information for a given program URI and Estimate Type such as Current Estimate, POM, BES and President's Budget.	Evaluate Budget Submission
Cost Service Provider	A collection of services related with cost.	Budget Lookup	This service provides access to the last President's Budget, Current Estimate, and POM/BES submissions.	Get Budget by URI & Estimate Type	Gets all Budget information for a given program URI and Estimate Type such as Current Estimate, POM, BES and President's Budget.	Update FYDP
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Administer Procurement Instrument or IGT Order
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Award Procurement Instrument or IGT Order
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Calculate Supply Chain Entitlement
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Manage Earned Value Management Performance Data
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Manage Other Contract Reporting
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Perform Instrument Closeout

SvcV-5 Service Providers/Services to Operational Activity/Service Functions Traceability Matrix

Service Provider	Service Provider Description	Service	Service Description	Service Function	Service Function Description	Operational Activity
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Receive and Accept Purchase Request
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Administer Procurement Instrument or IGT Order
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Calculate Supply Chain Entitlement
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Control Program Execution
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Define Program
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Develop Procurement Strategy
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Develop Program
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Evaluate Program Information
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Manage Defense Acquisition System
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Monitor and Support Program Deployment
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Program by Program URI	Gets the program and all sub-program information for a given program URI.	Administer Procurement Instrument or IGT Order
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Program by Program URI	Gets the program and all sub-program information for a given program URI.	Calculate Supply Chain Entitlement
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Program by Program URI	Gets the program and all sub-program information for a given program URI.	Control Program Execution
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Program by Program URI	Gets the program and all sub-program information for a given program URI.	Define Program
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Program by Program URI	Gets the program and all sub-program information for a given program URI.	Develop Procurement Strategy
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Program by Program URI	Gets the program and all sub-program information for a given program URI.	Develop Program
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Program by Program URI	Gets the program and all sub-program information for a given program URI.	Evaluate Program Information

SvcV-5 Service Providers/Services to Operational Activity/Service Functions Traceability Matrix

Service Provider	Service Provider Description	Service	Service Description	Service Function	Service Function Description	Operational Activity
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Program by Program URI	Gets the program and all sub-program information for a given program URI.	Manage Defense Acquisition System
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Program by Program URI	Gets the program and all sub-program information for a given program URI.	Monitor and Support Program Deployment
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Sub Programs by Program URI	Gets all Subprograms for a given program URI.	Administer Procurement Instrument or IGT Order
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Sub Programs by Program URI	Gets all Subprograms for a given program URI.	Calculate Supply Chain Entitlement
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Sub Programs by Program URI	Gets all Subprograms for a given program URI.	Control Program Execution
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Sub Programs by Program URI	Gets all Subprograms for a given program URI.	Define Program
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Program Lookup	This service provides access to program data for MDAPs.	Get Sub Programs by Program URI	Gets all Subprograms for a given program URI.	Develop Procurement Strategy

Get Budget by URI & Estimate Type	Gets all Budget information for a given program URI and Estimate Type such as Current Estimate, POM, BES and President's Budget.	Update FYDP
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Milestone Lookup	This service provides access to Milestone data for MDAPs.	Get Milestones by Program URI	Gets all milestones for a given program URI.	Administer Procurement Instrument or IGT Order
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Milestone Lookup	This service provides access to Milestone data for MDAPs.	Get Milestones by Program URI	Gets all milestones for a given program URI.	Control Program Execution
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Milestone Lookup	This service provides access to Milestone data for MDAPs.	Get Milestones by Program URI	Gets all milestones for a given program URI.	Develop Program
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Milestone Lookup	This service provides access to Milestone data for MDAPs.	Get Milestones by Program URI	Gets all milestones for a given program URI.	Evaluate Program Information
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Milestone Lookup	This service provides access to Milestone data for MDAPs.	Get Milestones by Program URI	Gets all milestones for a given program URI.	Manage Defense Acquisition System
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Milestone Lookup	This service provides access to Milestone data for MDAPs.	Get Milestones by Program URI	Gets all milestones for a given program URI.	Manage Earned Value Management Performance Data
Enterprise AT&L SOA Services Provider	A collection of AT&L SOA Services.	Milestone Lookup	This service provides access to Milestone data for MDAPs.	Get Milestones by Program URI	Gets all milestones for a given program URI.	Monitor and Support Program Deployment
EVM Service Provider	A collection of service related with earned value management.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Administer Procurement Instrument or IGT Order
EVM Service Provider	A collection of service related with earned value management.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Award Procurement Instrument or IGT Order
EVM Service Provider	A collection of service related with earned value management.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Calculate Supply Chain Entitlement
EVM Service Provider	A collection of service related with earned value management.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Manage Earned Value Management Performance Data
EVM Service Provider	A collection of service related with earned value management.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Manage Other Contract Reporting

SvcV-5 Service Providers/Services to Operational Activity/Service Functions Traceability Matrix

Service Provider	Service Provider Description	Service	Service Description	Service Function	Service Function Description	Operational Activity
EVM Service Provider	A collection of service related with earned value management.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Perform Instrument Closeout
EVM Service Provider	A collection of service related with earned value management.	Contract Lookup	This service provides access to EV data for Acquisition Contract for MDAPs using various search criteria.	Get Contracts by Program URI	Gets all EV contracts for a given program URI.	Receive and Accept Purchase Request
Program and Schedule Service Provider	A collection of services related with program, subprogram, milestone and critical technology.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Administer Procurement Instrument or IGT Order
Program and Schedule Service Provider	A collection of services related with program, subprogram, milestone and critical technology.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Calculate Supply Chain Entitlement
Program and Schedule Service Provider	A collection of services related with program, subprogram, milestone and critical technology.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Control Program Execution
Program and Schedule Service Provider	A collection of services related with program, subprogram, milestone and critical technology.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Define Program
Program and Schedule Service Provider	A collection of services related with program, subprogram, milestone and critical technology.	Program Lookup	This service provides access to program data for MDAPs.	Get All Programs	Gets all Programs available.	Develop Procurement Strategy
